1. MISSION OF THE BOARD

The Board performs the tasks conferred by law and acts at all time in the corporate interest.

The Board endeavours to promote long-term value creation by the Company by considering the social and environmental aspects of its activities.

The Board determines the guiding principles of the Company’s activities and operations as well as those of the entities owned or controlled by the Company (the “**Group**”) and oversees their implementation in accordance with Applicable Law and the Articles.

Without prejudice to the powers expressly invested in meetings of the shareholders, in accordance with the corporate purpose of the Company, and insofar as the Articles permit, the Board deals with all matters relating to the conduct of the business of the Company (including all matters concerning the overall industrial, commercial, financial, economic and strategic activities and operations) and of each entity owned or controlled, directly or indirectly, by the Company. The Board regularly reviews, in relation to the strategy it has defined, the opportunities and risks, such as financial, legal, operational, social and environmental risks, as well as the measures taken accordingly. To this end, the Board receives all of the information needed to carry out its task, notably from the executive officers.

The Board ensures the implementation of a mechanism to prevent and detect corruption and influence peddling. It receives all of the information needed for this purpose.

The Board also ensures that the executive officers implement a policy of non-discrimination and diversity, notably with regard to the balanced representation of men and women in the Company’s governing bodies.

The Board decides all appropriate issues through its deliberations. It shall carry out the inspections and verifications which it considers appropriate.

The Board must be informed of the market developments, competitive environment and main issues, including in the area of social and environmental responsibility of the Company.

The Board leads the activities and operations of the Company and the Group in compliance with the terms and content of the letter agreement dated September 2, 2005 between the Company and the EUTELSAT IGO (the “**Letter Agreement**”).

The Chief Executive Officer (the “**CEO**”), the Deputy Chief Executive Officer(s) (the “**Deputy CEO(s)**”) or any empowered manager of the Company shall not enter into any transaction or take any decision listed in Annex A to these Internal Rules, unless the Board has approved such transaction or decision.

The CEO represents the Company in its dealings with third parties. She/he shall be vested with the most extensive powers to act on behalf of the Company in all circumstances (subject to the limitation in the Applicable Law, in the Articles and Annex A to these Internal Rules). The CEO shall exercise her/his powers subject to those expressly invested in meetings of the shareholders and the Board.

The Company shall be bound even by those acts of the CEO not covered by the corporate purpose of the Company unless it is able to prove that the third party was aware that the act exceeded this purpose could not ignore it in the light of the circumstances, the simple publication of the Articles being excluded from constituting this proof.

Provisions in the Articles and decisions of the Board limiting the powers of the CEO shall not be enforceable with respect to third parties.

In agreement with the CEO, the Board shall determine the scope and the term of the powers conferred upon the Deputy CEO(s). The Deputy CEO(s) shall have the same powers as the CEO with respect to third parties.

A director alone has no power or authority to represent the Company *vis-à-vis* third parties or to represent the Board.

2. DIRECTORS' DUTIES

2.1. Qualifications

The Board collectively desires that each of its members be selected among professionals who have demonstrated a high level of skills and expertise from which the Company may benefit.

Each member of the Board (each a "**Director**") shall receive a "Welcome Book" which shall include at least a copy of the Articles, these Internal Rules, the *Corporate governance code of listed corporations* issued by AFEP and MEDEF last amended in December 2022 (the "**Afep-Medef Code**") and the *Guide d'application du Code Afep-Medef* as updated in June 2022 and shall acknowledge her/his full awareness of Applicable Law and the provisions contained in the foregoing.

Each Director shall have the following essential qualities:

- She/he should act in the corporate interest;
- She/he should have the ability to judge, in particular, situations, strategies and people, notably based on experience;
- She/he should have the capacity to anticipate, enabling the identification of risks and the strategic issues;
- She/he should be honest, attend regularly, be active and involved.

Regardless of personal qualities or abilities, each Director must act in the corporate interest of the Company; failure to do so may give rise to personal liability.

Accordingly, each Director shall be provided with information and, if she/he considers it to be necessary, training relating to the Company's specific features, its businesses and its business sector including as relates to the social and environmental aspects of its activities.

Each Director (and its permanent representative if such Director is a legal entity) shall not be (i) targeted by, or subject to Sanctions Regulations or (ii) involved in any activity that would be prohibited by Sanctions Regulations.

"Sanctions Regulations" means any economic or financial sanctions or trade embargoes or restrictive measures enacted, adopted, administered, imposed or enforced by the United States, the United Nations Security Council, the European Union, any European Union member state, the United Kingdom, the respective governmental institutions of any of the foregoing including but not limited to the French Republic through the Direction Générale du Trésor (DGT) or the US government through the Office of Foreign Assets Control of the US Department of Treasury (OFAC) or the Bureau of Industry and Security (BIS) of the US Department of Commerce or the United Kingdom through Her Majesty's Treasury (HMT) or any other similar authority enacting such measures, to the extent applicable.

2.2. Diligence

Each Director must devote the necessary time, care and attention to her/his duties, and must consider when she/he accepts any new position or office whether she/he will still be able to fulfil this obligation. Unless she/he is genuinely unable to do so, she/he must attend all meetings of the Board and of any committees of which she/he is a member.

Each Director shall make her/himself available to become significantly involved through active participation in the Board's work and, as the case may be, membership of Board committees (see Clause 4 below).

Each Director is bound to request the appropriate information that she/he considers as necessary to perform her/his duties. Any information, other than routine or minor information, administrative inquiries and information provided in the context of the functioning of the Committees, received in this context by a Director will be promptly communicated by the Company to all other Directors.

Each Director shall attend the shareholders' meetings unless prevented from doing so due to illness or an international public travel ban.

Each Director shall have the opportunity to meet with the Company's top management, even in the absence of the executive officers; in such case, prior notice shall be given to the CEO and the other Directors who may also attend such meeting, including by video-conference or telecommunication. For the avoidance of doubt, the possibility for Directors to attend meetings with the Company's top management shall not apply to meetings held in the context of the functioning of the Committees.

2.3. Confidentiality

In accordance with Applicable Law and Clause 15.5 of the Articles, each Director has a duty of confidentiality.

An individual, who sits on the Board as permanent representative ("représentant permanent") of a legal entity which is a Director, shall be bound by the same duty of confidentiality as if such individual were herself/himself a Director.

To the extent permitted by Applicable Law and the Afep-Medef Code, a permanent representative of a legal entity which is a Director may provide information he/she received during or outside the meetings of the Board or its Committees to such legal entity provided that:

- access to such information shall be permitted only for the purpose of the accomplishment of its duty of Director, in the Company's corporate interest;
- communication shall be limited to that portion of the information which is necessary for the purposes set out above;
- distribution shall be limited to the chief executive officer of such legal entity and to other individuals within the legal entity Director who strictly need to know such portion of information for the purposes set out above, provided that such entity (i) takes all useful measures (including the entering into confidentiality agreement) to ensure that strict confidentiality is maintained by all such persons and (ii) maintains a list of such persons and procures that such persons comply with Applicable Law relating to disclosure and use of inside information, as well as in particular Clause 10.3.

To the extent permitted by Applicable Law and the Afep-Medef Code, a Director who has been appointed upon the proposal of a shareholder pursuant to a shareholder's agreement in relation to the Company, and who is not an independent director may share information received in his/her capacity as a Director with such shareholder, provided that the relevant shareholder enters into a specific confidentiality agreement with the Company, satisfactory to the Company and reflecting the principles described in the paragraphs above, and provided that such communication complies with the rules relating to the communication and use of inside information, in particular Article 10.1 of Market abuse regulation n°596/2014, subject in any event to any situation of conflict of interest.

All matters addressed by the Board shall be considered as strictly confidential.

Subject to the above, the minutes and working documents of the Board shall remain strictly confidential and shall not be disseminated by any of its recipients to any third party or outside the Company. However,

extracts of the minutes or decisions of the Board may be released within the Company or outside on a strict need-to-know basis by the secretary to the Board (the “**Secretary**”).

2.4. Conflicts of interest and related party agreements

Directors may not pursue personal interests or advantages in business decisions. They shall disclose any personal interests, whether direct or indirect, in transactions or matters affecting the Company.

Conflicts of interests shall be avoided and, where unavoidable, shall be disclosed to the Company and managed transparently.

Each Director must inform the Board as soon as she/he becomes aware of any conflict of interests and must refrain from taking part in discussions and voting on any related resolutions. She/he must resign in the event of a permanent conflict of interests.

No one may be a Director if she/he has any direct or indirect relationship with any direct or indirect competitor of (i) the Company or (ii) any entity directly or indirectly controlled by the Company (the term “control” having the meaning ascribed to it by Article L. 233-3 of the French Commercial Code).

A Director in a situation of conflict of interests shall abstain from participating in the debate and shall abstain from voting on any matter relating directly or indirectly to any agreement or any matter in which she/he has a direct or indirect interest which conflicts or may conflict with the interests of the Company. Furthermore, such Director shall not be taken into account for the purpose of meeting the quorum and majority requirements.

2.5. Limitation of the number of corporate positions

Applicable Law and the Afep-Medef Code forbid individuals from simultaneously holding more than a certain number of positions on supervisory boards, boards of directors, management boards, or as chief executive officer of French or foreign companies.

In summary, the current limitations contained in the Afep-Medef Code are the following:

- any executive officer may not hold more than two (2) other directorships in listed companies (whether in France or abroad), unless within the same Group; such executive Director shall seek the Board prior approval before accepting any new directorship in a listed company;
- any Director may not hold more than four (4) other directorships in listed companies (whether in France or abroad), unless within the same Group.

It is reminded that the current limitations provided by Applicable Law are the following:

- the CEO may not hold any other office of CEO in French companies (whether listed or not), save that she/he can hold one (1) additional office in a company (whether listed or not) which is controlled by the Company;
- any non-executive officer may not hold more than five (5) non-executive directorships in French companies (whether listed or not), save that she/he can hold additional offices in other companies (whether listed or not) which are controlled by the Company, and it being stated that five (5) non-executive directorships in non-listed sister companies account for only (1) non-executive directorship;
- any individual may not hold more than five (5) corporate positions (*mandat social*) in French companies (whether listed or not), save that he/she can hold additional positions in other companies (whether listed or not) which are controlled by the Company, and it being stated that the position of CEO and director in the same company counts for one (1) corporate position.

Upon appointment, each Director shall disclose all then current board positions or other corporate positions (including in board committees) in France and abroad and shall keep the Board informed by notifying the Chairman and the Secretary of any changes and co-operating with Chairman and the Secretary (as such terms are defined below) in the preparation of the Board's annual report on its activities, as envisioned under Applicable Law. All Directors have the duty to keep themselves informed of any regulatory changes in this respect. The Secretary (see Clause 6 below) is available to provide the Directors with any information they may need in this regard.

2.6. Termination of employment in case of appointment as Chairman or CEO

When the appointment of a senior executive within the Group as Chairman and/or CEO of the Company is contemplated, she/he shall terminate her/his employment contract before appointment, whether through contractual termination or resignation.

3. COMPOSITION OF THE BOARD

3.1. Guiding principles

The Board shall consider what would be the desirable balance within its membership and within the membership of its committees. It shall take the appropriate actions to comply with the recommendations contained in the Afep-Medef Code in relation thereto.

3.2. Independent Directors

At least fifty (50) percent of the Directors on the Board shall be independent.

A Director is considered independent when she/he is not in a position likely to raise a risk of conflict of interest, that might affect her/his business judgment. To evaluate the independence of a Director, the Board will take in consideration the following points:

- she/he is not and has not been during the last five (5) years:
 - an employee or executive officer (*dirigeant mandataire social exécutif*) of the Company, or
 - an employee, executive officer (*dirigeant mandataire social exécutif*) or director (*administrateur*) of a company that it consolidates, or
 - an employee, executive officer (*dirigeant mandataire social exécutif*) or director (*administrateur*) of its parent company or of a company that its parent company consolidates;
- she/he is not an executive officer of a company in which the Company holds a directorship, either directly or indirectly, or in which an employee appointed as such, or an executive officer of the Company (current or former during the last five (5) years) is a director;
- she/he is not or is not bound, either directly or indirectly, to a customer, supplier, investment / commercial banker or consultant, that is material for the Company or the Group, or for which the Company or the Group represents a significant part of its activity;
- she/he is not related by close family ties to a company officer;
- she/he has not been a statutory auditor of the Company during the last five (5) years;
- she/he has not been a Director of the Company for more than twelve (12) years. The loss of the independence occurs on the date of the twelve (12) years.

The Chairman who is not an executive officer may not be considered as independent if he/she receives variable remuneration in cash or securities or any other remuneration based on the performance of the Company or its group.

The Board may consider that, although a particular Director meets all the above criteria, she/he is not independent owing to specific circumstances; and conversely, the Board may consider that a Director who does not meet the criteria is nevertheless independent.

The Board must, upon the motion of the NGC review, each year, individually the position of each Director on the basis of the above independence criteria. The Board must communicate its conclusions to shareholders in the report on corporate governance (including the analysis related to the material or significant character of the relationship contemplated in the third item above and the qualitative and quantitative criteria analysed – continuity, economic dependence, exclusivity, etc.) and to the Shareholders' meeting when the Directors are appointed.

3.3. Gender Parity

With regard to gender parity, the proportion of both female and male Directors shall be at least 40% of the Directors.

3.4. Nationalities

The membership of the Board shall reflect a diversity of nationalities among its members.

3.5. Age limit

No individual may be appointed Director if he/she is over the age of 70 and her/his appointment would cause the number of Directors who have attained the individual age limit to represent at least one third of the total number of Directors. If this proportion is reached, the term of office of the oldest Director shall automatically terminate at the time of the shareholders' annual ordinary general meeting convened to approve the financial statements of the Company, taking place after the date on which such oldest Director shall have reached the age limit.

3.6. "Censeur"

In accordance with Clause 16.3 of the Articles and Annex I of the Letter Agreement mentioned above, the *Censeur* is the Executive Secretary of the IGO.

The *Censeur* is to be called and may attend any Board meeting and express her/his views on any item in the agenda but shall not take part in the vote of any decisions. The provisions of Clause 2.4 (*Conflicts of interest*) shall apply *mutatis mutandis* to the *Censeur*.

The *Censeur* is not taken into account in determining the quorum of a given meeting of the Board.

The *Censeur* shall have the same information and the same documentation as the Directors for preparation of the Board meetings, as said information and documentation shall be sent concurrently to the Directors and the *Censeur*.

In case of vacancy or resignation of the *Censeur*, her/his replacement shall be made pursuant to Clause 16.3 of the Articles.

3.7. Observer(s) ("Observateur(s)")

Pursuant to an agreement dated July 9, 2018 relating to employee representation of the Eutelsat SA Workers' Council (*comité social et économique* – "CSE") on the Board which superseded the prior agreement dated November 8, 2007, a maximum of two (2) individuals, designated by the said Workers' Council in accordance with its rules and procedures, may attend any Board meeting and express views on any item in the agenda (the "**CSE Observer(s)**"). To the extent that the UK Government is the legal and beneficial owner of the B ordinary share in OneWeb, in the event that the number of shares held in the Company by the UK Government and its affiliates falls below a number of shares equal to 7.5% of the total number of shares in issue immediately following the shareholders' meeting of the Company held on 28 September 2023 (rounded down to the nearest whole share, such percentage of shares being adjusted from time to time to take account of any (x) reduction in the number of shares held by the UK Government as a result of any reorganization of the share capital of the Company, whether by way of a share consolidation, a reduction in the share capital following a capital reduction or otherwise and (y) increase in the number of shares held by the UK Government as a result of any stock split, allocation of free shares), the Board shall authorize one nominee designated by the UK Government to attend any Board meeting (the "**UK Government Observer**") until the earlier of (i) the expiry of a period of three years from the first date on which the number of shares in the Company held by the UK Government falls below the above number (the potential renewal of such UK Government Observer to be discussed in good faith between the UK Government and the Board at least six (6) months before the end of such term) and (ii) the date on which the UK Government is no longer the legal and beneficial owner of the B ordinary share in OneWeb.

In the event that the number of shares held in the Company by Bpifrance Participations and its affiliates falls below 7.5% of the share capital of the Company, the Board shall authorize one nominee designated by Bpifrance Participations to attend any Board meeting (the “**BPI Observer**”) until the expiry of a period of three years from the first date on which the number of shares in the Company held by Bpifrance Participations and its affiliates falls below the above percentage (the potential renewal of such BPI Observer to be discussed in good faith between Bpifrance Participations and the Board at least six (6) months before the end of such term).

By exception, each of the UK Government Observer and BPI Observer shall abstain from participating in the debate relating to any matter for which there would be a conflict between the interest of the UK Government or Bpifrance Participations (as applicable) or his/her own interest on the one hand and the interest of the Company on the other hand. In addition, each of the UK Government Observer and the BPI Observer may only be Observers if:

- he/she does not have any direct or indirect relationship with any direct or indirect competitor of (i) the Company or (ii) any entity directly or indirectly controlled by the Company (the term “control” having the meaning ascribed to it by Article L. 233-3 of the French Commercial Code) and
- is not (i) targeted by, or subject to Sanctions Regulations or (ii) involved in any activity that would be prohibited by Sanctions Regulations.

The CSE Observers, the UK Government Observer and the BPI Observer are hereinafter referred to as the “**Observers**”. Observers are not taken into account in determining the quorum of a given meeting of the Board.

Subject to the exceptions above, Observers shall be called to and may attend meetings of the Board of Directors and express his/her/their point of view on any item on the agenda but may not take part in the voting.

Observers may not be represented at a meeting of the Board of Directors, unless, in case of an impossibility to attend a meeting, with the approval of the Chairman.

All the information brought to the attention of the Observer(s) in connection with their duties shall be considered strictly confidential and each shall be bound to the same obligations as the Directors (unless such information has fallen into the public domain, other than as a breach by any such Observer of its confidentiality obligations; for the avoidance of doubt, the Observers will not benefit from the rights offered by the third and fourth paragraphs of Clause 2.3 (*confidentiality*) which are offered to Directors only). Each Observer shall so accept in writing prior to attending its first Board meeting. It is acknowledged that the CSE Observers may communicate such information to the Workers’ Council of Eutelsat SA for the purpose of an information/ consultation process envisioned by Applicable Law: in these circumstances, the duty of strict confidentiality shall be waived only to the extent necessary for the consultation process.

No confidential information may be disclosed to a third party by the Observers without first having been authorized by the Chairman or the CEO.

For the application of this clause, any person who does not belong to the Company’s Board shall be considered a third party.

In case of vacancy or resignation of (i) a CSE Observer, her/his replacement shall be made by the Eutelsat SA Workers’ Council in accordance with its rules and procedures and (ii) the UK Government Observer or the BPI Observer during his/her term of office as described above, her/his replacement shall be made by the Company’s Board upon proposition of the UK Government with respect to the UK Government Observer or Bpifrance Participations with respect to the BPI Observer.

3.8. Permanent Invitee (“*Invité permanent*”)

The Permanent Invitee shall be bound by the confidentiality provisions provided for under these rules as if he/she was a Director (for the avoidance of doubt, he will not benefit from the rights offered by the third and fourth paragraphs of Clause 2.3 (*confidentiality*) which are offered to Directors only), and shall so accept in writing prior to attending its first Board meeting.

The Permanent Invitee may attend any Board meeting and express her/his views on any item in the agenda but shall not take part in the vote of any decisions.

By exception to the preceding paragraphs:

- the Permanent Invitee shall neither attend nor participate in the parts of (i) any Board meetings which relate to the governance of the Group and/or the determination of the compensation of the Chairman, CEO, Deputy CEO and/or Board members and (ii) to any Non-Executive Session ; and

In particular, there shall be an Audit, Risk and Compliance Committee (“**ARCC**”), a Nomination & Governance Committee (“**NGC**”), a Compensation Committee (“**CC**”), a Strategy Committee (“**SC**”) and a Corporate Social Responsibility Committee (“**CSRC**”). The role of any such Committee shall be to examine and prepare matters to be put to the Board, and to present their opinions, proposals and recommendations for the matters within their scope of competence.

The Board may not transfer or allocate its supervision and its decision-making powers to a Committee. A Committee may not have any responsibility over the day-to-day business of the Company.

Neither the creation of a Committee, nor its deliberations or observations may release or negate the liability of the Board members with respect to its duties and tasks as defined by Applicable Law or in the Articles or in Annex A of these Internal Rules.

The Board shall appoint the chairperson of each Committee, on the recommendation of the NGC, and such chairperson shall be, for each Committee, an independent Director. Each Committee shall appoint its secretary or the secretary of the Board as its secretary.

4.2. Duties of the Committees

The general scope of duties of the ARCC, the NGC, the CC, the SC and the CSRC are described respectively in Annexes B, C, D, E and F, as adopted at the time of the creation of these Committees and amended from time to time.

4.3. Operation of the Committees

In the performance of their duties, and after informing the Chairman and the Vice-Chairman, the Committees may conduct or commission at the Company's expense any studies that may be useful for Board decisions and may also interview Group executive officers and the auditors, after informing the Chairman, if she/he is not an executive officer, and the executive directors. They shall report back to the Board on the opinions obtained.

The chairperson of each Committee may invite persons deemed relevant to attend its meetings.

In the event of Committees requesting the services offered by external consultants, they must ensure that the consultant concerned is objective.

Each Committee shall draw up internal rules defining its responsibilities and powers and the method of operation, which shall be approved by the Board.

The chairperson of each Committee shall report to the Board on its work, opinions, proposals and recommendations so that the Board is duly informed. A description of the Committees' activities shall be included each year in the report on corporate governance.

The Board shall define the number of independent Directors who shall sit on each Committee, provided that the minimum number of independent Directors to sit therein (as mentioned above) is satisfied. The renewal or extension of the term of office of the chairperson of each committee is proposed by the NGC and approved by the Board.

The existence of cross-directorships in the Committees should be avoided. The term cross-directorships refers to a situation where a Company officer (*dirigeant mandataire social*) is appointed to a committee of the board of another company and, conversely an officer (*dirigeant mandataire social*) of this other company sits at the corresponding Committee of the Company.

The members of a Committee may be dismissed or replaced at any time by a decision of the Board. The Board may dissolve any Committee at any time by a simple majority decision.

Each of the Chairman of the Board and the Vice-Chairman may attend any Committee meeting without any voting right for the Committee(s) where he/she is not member thereof, except with respect to the ARCC and CC, if she/he is also an executive officer, in which case he/she may only attend any such meetings upon invitation by the relevant chairperson.

The performance of specific mission entrusted to a director may give rise to the payment of reasonable compensation, as the Board may decide and subject to the regime of regulated agreements.

The compensation of the Directors (including in their capacity as Chairman, Vice-Chairman and members of the committees as applicable) will be determined in accordance with applicable compensation policy proposed by the Board to the annual general meeting of shareholders.
