RCS Nanterre 438 476 913

EUTELSAT COMMUNICATIONS

French Public Limited Company

RCS Nanterre : 481 043 040

Report of the statutory auditors on the share capital reduction

Combined Shareholders' Meeting of September 30, 2025 (21st resolution)

To the Shareholders' Meeting of EUTELSAT COMMUNICATIONS,

In our capacity of statutory auditors of your company and in accordance with the provisions of Article L. 225-204 of the French Commercial Code in the event of a capital reduction, we have prepared this report to provide you with our assessment of the causes and conditions of the proposed share capital reduction.

Your board of directors proposes that you delegate to it, subject to the adoption of the 4th to 16th resolutions by the meeting, for a period of six months from the date of this meeting, all powers to carry out this transaction and reduce the capital by a total amount of €675,356,594.22 (taking into account the completion of the "Reserved Capital Increases" (as defined in the Board of Directors' report)).

This share capital reduction not motivated by losses will be carried out by reducing the par value of each share from €1 to €0.01 (hereinafter the "Share Capital Reduction").

Your board of directors informs you that:

- the amount of the share capital reduction will be allocated to a special reserve account entitled "Special reserve arising from the share capital reduction decided on September 30, 2025," it being specified that the sums in this special reserve account will be unavailable and may not be used for any purpose other than to offset any losses incurred by your company;
- the completion of the transaction will be subject to the absence of opposition from your company's creditors within 20 calendar days of the filing of the minutes of this general meeting with the registry or, in the event of opposition, to the unconditional rejection of the opposition(s) by the competent court or to their withdrawal, through the repayment of debts or the provision of sufficient guarantees by your company, under the conditions provided for in Articles L. 225-205 and R. 225-152 of the French Commercial Code.

Your board of directors informs you that the Share Capital Reduction is being proposed in order to preserve the ability to reduce the par value of your company's shares, given the possible changes in the market price of your company's shares and the requirement under Article L. 225-128 of the French Commercial Code to offer a share issue price higher than the par value.

Your board of directors also informs you that the decision to put this resolution, or the 20th resolution (capital reduction motivated by losses), or neither of these resolutions to a vote will be made by your board of directors no later than September 30, 2025, before the opening of the meeting, based on your company's share price on that date. It may therefore be decided to withdraw from the agenda one or both of these draft resolutions relating to such a reduction in your company's capital.

EUTELSAT COMMUNICATIONS

Report of the statutory auditors on the share capital reduction

Combined Shareholders' Meeting of September 30, 2025 (21st resolution)

We have performed the procedures we deemed necessary in accordance with the professional standards of the French National Institute of Statutory Auditors (Compagnie nationale des commissaires aux comptes) relating to this assignment. These procedures involve examining whether the causes and conditions of the proposed capital reduction are lawful. Our work consisted in particular of verifying that the proposed share capital reduction does not reduce the amount of capital to below the legal minimum and that it does not adversely affect the equality of shareholders.

We have no comments to make on the causes and conditions of this transaction, which will reduce your company's capital by €675,356,594.22 (taking into account the completion of the "Reserved Capital Increases" (as defined in the Board of Directors' report)).
