

SATELLITE

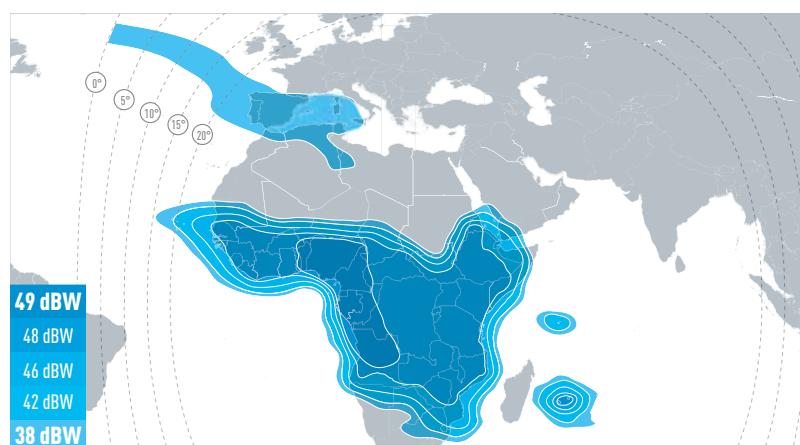

EUTELSAT 36C

HIGH CAPACITY SATELLITE FOR AFRICA AND RUSSIA

KU-BAND RUSSIA DOWNLINK COVERAGE

KU-BAND SUB-SAHARAN AFRICA DOWNLINK COVERAGE

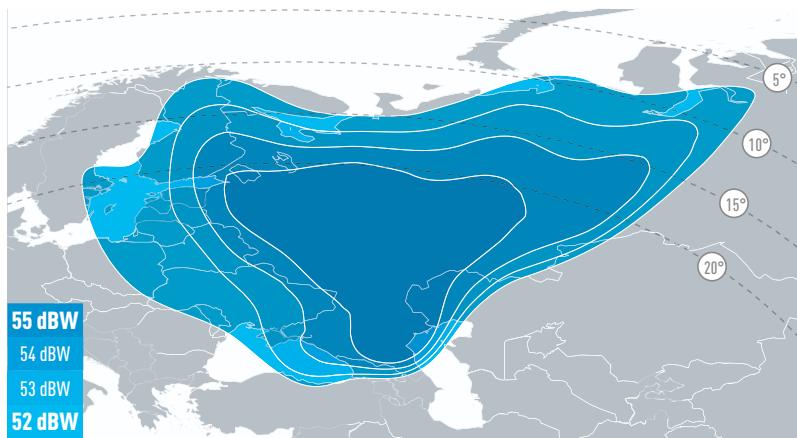

High capacity satellite for Russia and Sub-Saharan Africa

Eutelsat is leasing capacity on a RSCC (Russian Satellite Communication Company) satellite, Express-AMU1. Capacity is commercialised under the name EUTELSAT 36C.

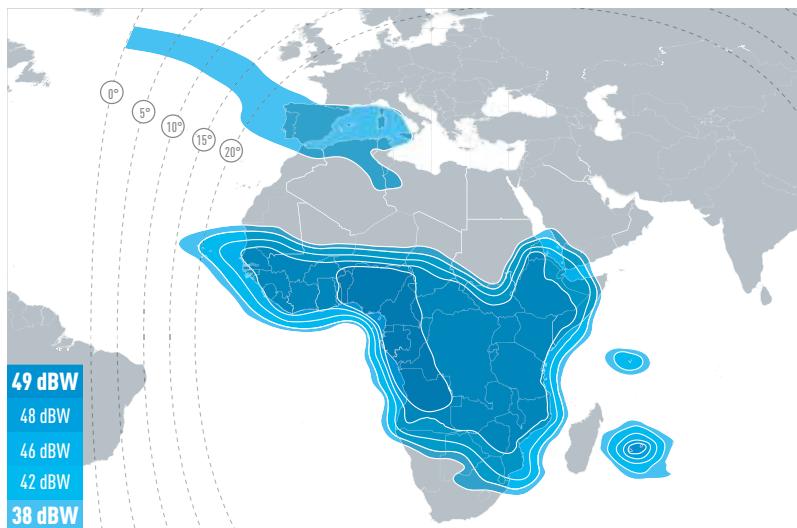

This state-of-the-art high-capacity satellite provides coverage of the European part of the Russian Federation in Ku and Ka-bands and also ensures service continuity and growth for broadcast markets developed by Eutelsat in sub-Saharan Africa.

EUTELSAT 36C is transforming the broadcasting infrastructure at 36° East, supporting more television services and IP-based applications to match the development of the digital entertainment market.
